About The Author

Amit Offir is a renowned illustrator, author, and comics artist. His first book "The Beetle That Wants To Be" is one of his bestsellers.

On the year 2005 he developed a unique technique for drawing comics and cartoon characters in a few easy steps.

He named it "Drawing Easily".

This technique was invented after drawing over 500,000 drawings on stones.

Amit lectures and teaches comics lessons and meets thousands of children and adults every year around the world.
